

## Say Hello to **Microsoft Office 365** for Education

We are proud to present **Microsoft Office 365 for Education** – which includes your current FVSU “Wildcat” email account; instant messaging; group video and voice chat; and online document viewing and editing.

**Live@edu is now Office 365** and with Office 365, you will now have **two** separate accounts:

1. **An Office 365 account – provides access to your FVSU “Wildcat” school email.** Use your FVSU “Wildcat” user name and password to sign in at <https://outlook.com/wildcat.fvsu.edu>. You can also use Microsoft Outlook or the Microsoft Outlook Web App – *FVSU still provides password reset support for this account.*
2. **A New Personal Microsoft account – provides access to SkyDrive, Messenger and other Microsoft services.** Use your current user name and password to sign in to SkyDrive, Messenger and other Microsoft services at <https://skydrive.live.com>, but use <https://account.live.com/ResetPassword.aspx> to reset the password for this new account – *FVSU cannot provide password reset support for this account.*

For more information about the Live@edu to Office 365 upgrade, please use the following resources:
